The Council has considered the September 15, 1978 three part motion entitled "Motion Regarding Receipt of Northern Tier Pipeline Company's Application," filed by Clallam County and hereby enters the following decision and order:

As to the first part the amendment filing dates were directory rather than mandatory and Northern Tier timely advised the Council of its difficulties in keeping strict compliance with those dates. As to the second part there are no pending requests for extension and it is therefore premature to consider any request to deny future extensions. As to the third part, the Council lacks authority from the Legislature to transform amendments into new applications.

ORDER

It is hereby ordered that the motion be denied.

Dated at Olympia, Washington and effective this 9th day of October 1978.
