BEFORE THE STATE OF WASHINGTON
ENERGY FACILITY SITE EVALUATION COUNCIL

In re Application No. 96-1
of
OLYMPIC PIPE LINE COMPANY
For Site Certification of Cross Cascade
Pipeline

COUNCIL ORDER NO. 739
ORDER DIRECTING CLOSE OUT OF
APPLICATION NO. 96-1

By letter dated June 25, 1999. Olympic Pipe Line Company withdrew Application 96-1 from the Council's review. Accordingly, through Council Order No. 738, the Council dismissed the adjudication in this matter. At a special meeting on July 12, 1999, the Council determined that certain closure functions, including but not limited to records management and financial reconciliation, were required to complete the processing of the application.

The Council directs Olympic Pipe Line to work with the Council staff to complete all necessary closure functions. The Council will terminate the processing of Application No. 96-1 when it is satisfied that all closure functions have been completed.

DATED and effective at Olympia, Washington, this 13th day of July, 1999.
