

RESOLUTION NO. 1-74

A Resolution of the Washington State Thermal Power Plant Site Evaluation Council according to the status of official application to the application of the Washington Public Power Supply System for site certification of WPPSS Nuclear Project No. 3 submitted to the Council on December 17, 1973.

WHEREAS, By letter dated August 31, 1973, from Mr. J. J. Stein, its Managing Director, the Washington Public Power Supply System advised the Council that it intended to apply for certification of a proposed stationary nuclear power plant located approximately two miles south of Satsop, Washington, on or about December 1, 1973; and

WHEREAS, On December 17, 1973, the Washington Public Power Supply System did deliver to the Council thirty (30) copies of an application on 8½" x 11" sheets in looseleaf hard binders together with a letter of receipt for a check in the amount of twenty-five thousand (\$25,000.00) dollars from the State Treasurer, all as required by WAC 463-08-020 and RCW 80.50.070; and

WHEREAS, The Council has conducted a preliminary examination of the application offered and found that it substantially complies with the Council's current "Guidelines For Applicants," chapter 463-12 WAC, and the Council's current "Rules of Practice," chapter 463-08 WAC;

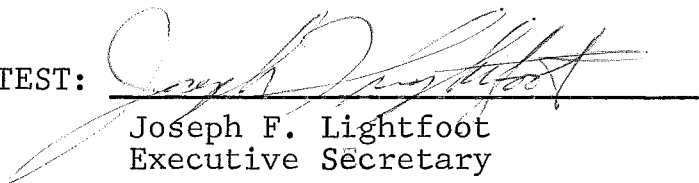

NOW, THEREFORE, BE IT RESOLVED, By the Thermal Power Plant Site Evaluation Council that the application of the Washington Public Power Supply System for certification of its WPPSS Nuclear Project No. 3, delivered to the Council on December 17, 1973, be accorded the status of an official application effective on the date of delivery to the Council and be designated as Application No. 73-2.
