RE: TUUSSO Energy, LLC - Columbia Solar Projects
Project No.: EF-170823

Dear Mr. Posner:

TUUSSO Energy, LLC ("Applicant") submitted its Application for Site Certification for the Columbia Solar Projects on October 16, 2017 and was granted expedited processing by the Council on April 17, 2018. The timeline for the Council to forward recommendations for the Columbia Solar Projects on to the Governor would expire on June 16, 2018. WAC 463-43-080.

The Applicant requests an extension to August 22, 2018, the day after the August 2018 Council meeting, for the Council to prepare its recommendations and submit them to the Governor. This extension request is based on information provided to Applicant by EFSEC staff. The Applicant asks EFSEC to allocate the appropriate resources to complete and deliver recommendations to the Governor according to the applicable timeline.

Thank you for your consideration of this extension.

Sincerely,

A handwritten signature in black ink, appearing to read "Jason Evans", is written over the typed name.

Jason Evans
Vice President
TUUSSO Energy LLC
