

BEFORE THE STATE OF WASHINGTON
ENERGY FACILITY SITE EVALUATION COUNCIL

In the Matter of:

APPLICATION NO. 2009-01 of

WHISTLING RIDGE ENERGY PROJECT LLC
for

WHISTLING RIDGE ENERGY PROJECT

COUNCIL ORDER No. 866

Whistling Ridge Order No. 21

Order Reopening Record
To Receive Certain Documents
Into Evidence

The Council engaging in a scheduled view of the Project site from onsite and offsite locations, provided copies to Council members of illustrations in the record as Exhibit 8.08r, appearing to consist of 11x17-inch enlargements of the “After [construction]” views in Figures 4.2-6 through 4.2-26 of the Application.

In securing the copies the Council Staff used the original digital files of the exhibits, which were in the Council’s possession, and had them printed on 11x17-inch, image-quality paper.

As these documents are not the same exact paper documents appearing in the record, the Council believes it appropriate to place a set of the reproduced images in the record. Therefore, the Council reopens the record, receives the illustrations collectively as Exhibit 8.08r-1, and recloses the record. Parties may request a copy from Council Staff.
