HORSE HEAVEN WIND FARM

EFSEC Docket No. EF-210011

NOTICE OF ADDENDUM TO THE HORSE HEAVEN WIND PROJECT FINAL ENVIRONMENTAL IMPACT STATEMENT

May 5, 2025

Dear interested persons,

Under the State Environmental Policy Act (SEPA), the Energy Facility Site Evaluation Council (EFSEC) is required to ensure that environmental values are considered for projects under its jurisdiction. As the EFSEC SEPA Responsible Official, I have reviewed environmental information submitted by the certificate holder, Scout Energy, LLC, related to the use of Gould Well as a water supply for construction and operations for the Horse Heaven Wind Project.

Enclosed you will find an addendum with supporting documentation to the final environmental impact statement (FEIS) which was issued October 31, 2024. The addendum describes the minor new information, and the supporting documentation evaluates any potential impacts.

The public and agencies are invited to comment on this Addendum by submitting written comments no later than May 19, 2025. Comments can be submitted via the following methods:

- Electronically to the comment campaign at: <https://comments.efsec.wa.gov/>
- By email to the comments inbox at: comments@efsec.wa.gov
- By mail to:

EFSEC

PO Box 43172
Olympia, WA 98503-3172

For more information please contact Ami Hafkemeyer, EFSEC Director of Siting and Compliance, at (360) 664-1305 or by email at ami.hafkemeyer@efsec.wa.gov.

Sincerely,

Sonia Bumpus
EFSEC Executive Director
