Q1. Name	Affected Resident
Q2. Email address	wehere@use.startmail.com
Q3. Are you part of an Agency or Organization?	No
Q4. Share any comment	Reducing the distance from wind turbines to ferruginous hawk nesting sites will disrupt the hawks and negatively impact their indigenous habitat. I strongly oppose further reducing the distance from the turbines to the hawk nesting sites. In addition, wind turbines have been shown to be generally very detrimental to birds.
