I've submitted many comments. Please consider reducing the number of Turbines and if that is Not considered, Shut the Project DOWN! We are witnessing the migration of many different kinds of birds through the Horse Heaven Hills this time of year. American was informed that the subsidies for this project, have been stopped and the Taxpayers in Kennewick and surrounding areas will NOT SUPPORT THIS PROJECT!! We have Nuclear power with another plant coming in the future and our Dams are the CLEANIST ENERGY There is besides Nuclear! This was Jay Inslee's pet project . Not the Citizens in the Tri-Cities! We've been informed there's also a drought in this area. Wind Turbines need billions of gallons of water to build these towers. I AM ASKING YOU TO CONSIDER SHUTTING THIS PROJECT DOWN UNTIL WE PURSUE OVER ENERGY SOURCES IN THE FUTURE! Thank You!
