Q1. **Name** Karen Miller

Q2. **Email address** karenx@charter.net

Q3. **Are you part of an Agency or Organization?** No

Q4. **Share any comment**

Horse Heaven Hills Wind Farm. I believe that these wind turbines will create environmental problems such as noise, flashing red lights, and visual pollution that will definitely change the rural environment and skyline of the Tri-Cities. These turbines will be in the way of the birds and bats that fly in this area. Also as I understand it this energy will not be used here in our community, but regardless it is not beneficial here in our area. Let me repeat the people here do not want these turbines in our community.
