Q1. Name	Dennis Simmelink
Q2. Email address	simmelink.dennis@gmail.com
Q3. Are you part of an Agency or Organization?	Yes (please specify) TCC
Q4. Share any comment	It saddens me to think that our local Tri City citizens have really been left out of this project approval process. Scout Clean Energy whines about not getting their way and so the project goes back to EFSEC for "revision". My family farms on the Horse Heaven Hills just south of Kennewick and have a mile long vista that we have been able to protect since we did not sign up with the boondoggle! There is a lot more than the Hawks to worry about, we have the environment as a whole riding the line. Project approval is a travesty for us and Nature. Our voices have been effectively silenced for our concerns with RCW rhetoric.
