Q1. Name	Rosemary Dorsett
Q2. Email address	pmini68@hotmail.com
Q3. Are you part of an Agency or Organization?	No
Q4. Share any comment	I grew up on a wheat farm on the proposed site of the wind project. I am against the wind project for several reasons. My father wanted his farm farmed by his family and their descendents and wouldn't have approved of this. The wind energy projects have been found to be unaffordable without heavy government assistance , and so we should look to true energy sources that do prove to be efficient without destroying crop land, and our way of life. Also the costs required to clean up the environment after the wind farm fails to exist will most likely not be addressed properly. I oppose the project.
