Q2. Email address	juzcheckinin@gmail.com
Q3. Are you part of an Agency or Organization?	No
Q4. Share any comment	Please understand; My father walked us though these hills when we were young. And taught us of the beauty of nature. He also taught of of mechanical power generation. But the natural setting of the hills were intended to be beautiful and untarnished from man made items. The wind turbines and solar arrays clutter the beauty of nature. They are a flash in the pan and have no place here now or into the future.
