Q1. **Name** Jacob Smith

Q2. **Email** iamuxorious@gmail.com

Q3. **Are you part of an Agency or Organization?** No

Q4. **Share any comment**

I am so absolutely opposed to this site being considered for solar there are so many other locations that are not on good farming land and so many other locations that are also not going to be an eyesore. Solar should be put up on property that can't be used for anything else. This push to use farmland to put up solar farms is not good long-term and they should be looking elsewhere for land.
