Comment subject/Issue: Cypress Creek Solar Project

Comment:

I am for this project. It is very poor farm ground and is zoned for 5 acre parcels. There could be over 500 home sites. With our water table issues a solar project is much better. People are we are losing farm ground. With the poor ag prices no one will farm it to ~~lose~~ lose money.

Sincerely
Carl Conroy

There is no reasonable reason not to grant this expedited process.
