Q2. <b>Email address</b>	tenikam27@gmail.com
Q3. <b>Are you part of an Agency or Organization?</b>	No
Q4. <b>Share any comment</b>	<p>I highly oppose this inadequate mitigation proposal. It is not properly taking into account all the adverse environmental impacts for the area. We cannot be a state that is willing to put our wildlife at risk for sub-par power generation. There are much better, more cost effective, cleaner, stronger way of generation here (hydro &amp; nuclear). With all of the nearby data centers that are coming in wind will not keep up and cannot sustain the power grid. This is horrific that you are telling the Yakama nation that their sacred land and animals are not worth safety.</p>
