Q1. **Name** Mark Tudor

Q2. **Email address** matudor70@gmail.com

Q3. **Are you part of an Agency or Organization?** No

Q4. **Share any comment**

Dear Committee members, I don't want to be long winded. I am totally against the Horse Heaven wind project. My main concerns are of course the hawks, the impact on our view from the Tri-Cities area to include negative impact on our tourism. I am in the wine business. The impact of the construction of the wind machines, and the increased safety concerns regarding the Tri-Cities airport which also includes flight training by Navy aircraft I see practicing all of the time. Also, who is responsible for upkeep and maintenance of these machines? I understand they have about a 20-to-25-year lifespan. Who will be responsible for removal of these eye sores? Thank you for your consideration.
