Ami' Hafkemeyer

EFSEC Director of Siting and Compliance

[Energy Facility Site Evaluation Council](#)

The city of North Bonneville has approved Mr. Harold Cook to be our representative on the EFSEC council regarding the Cascade Renewable Transmission project. Mr. Cook currently serves on our city planning commission. Per your reminder of the RCW 80.50.030(5) provision:

The city legislative authority of every city within whose corporate limits an energy facility is proposed to be located shall appoint a member or designee as a voting member to the council. The member or designee so appointed shall sit with the council only at such times as the council considers the proposed site for the city which he or she represents, and such member or designee shall serve until there has been a final acceptance or rejection of the proposed site.

Please provide Mr. Cook with the necessary connections and information to be included in any meetings and discussions of the CRT that will pertain to activities within the North Bonneville city limits.

Thank you,

Mayor JB Tennison
