Subject: Data Request 1 for Badger Mountain Solar Project Application for Site Certification

Dear Mr. Deruyter,

Thank you for the opportunity to review your Application for Site Certification (ASC). The Energy Facility Site Evaluation Council (EFSEC) appreciates the time and effort that has been invested in preparing this ASC. EFSEC has conducted a review of the ASC and has identified additional questions that will be valuable in our review. Attached please find Data Request 1. It is our intention that the detailed requests for information will assist you in preparing materials necessary to process your ASC. The information requested is beneficial for preparation of the State Environmental Policy Act (SEPA) Environmental Impact Statement.

Note that each request is labeled with a Data Request ID for tracking purposes and is numbered sequentially as the relevant language appears in the ASC (e.g., Veg-1). The requested information can be provided in the blank column in the attached table, or if lengthy, provided as an attachment to the table. Responses in an attachment should have the appropriate ID number referenced. EFSEC requests that you submit the additional information by December 23, 2022. Please contact EFSEC if there are concerns about meeting this timeline.

Please contact me at ami.hafkemeyer@efsec.wa.gov, or at 360-664-1305 if you have any questions concerning this letter or the data request.

Sincerely,

Ami Hafkemeyer
EFSEC Director of Siting and Compliance
