[County commissioners meeting has flash point over solar project](#)

**County commissioners meeting has flash point over solar project**

Rodger Nichols For The Sentinel

Two members from the Washington State Department of Commerce appeared at the public comment section at the Klick...

Inslee sent his renewable servants here with money to try to bribe the KC commissioners to ensure more renewable projects will be built in OUR county. OUR county has done more than it needs to do for Inslee's useless harmful renewables. Tell commissioners not to accept Inslee's bribe money and to fight against anymore renewables. Silence is consent. Speak out against Inslee's renewables and save our future. Greg Wagner C.E.A.S.E. CITIZENS EDUCATED ABOUT SOLAR ENERGY
