External Email

Good morning,

I have attached the original SEPA Map which Avangrid submitted to EFSEC. The highlighted areas are large parcels of land that were never leased to Avangrid by the landowners.

The landowner has repeatedly asked Avangrid to remove their land from the SEPA report. And never gave permission for them to be on their land – which they were asked to leave. Avangrid representatives have declined to discuss or remove the landowners property from the SEPA report.

Once again – Avangrid has deceived EFSEC and the landowner.

Have a great weekend.

Lorianna Breiler
